

## Program at a Glance

June 28, 2008 (Saturday)

|                                | 0900-1030  | 1100-1230   | 1400-1530  | 1600-1730  |
|--------------------------------|--|---|--|--|
| <b>Hall 5</b>                  | Exhibition (0800-1845)   |   |  |  |
| <b>Hall 5 Foyer</b>            | Reception for Delegate (1730-1845)   |   |  |  |
| <b>Hall 7A</b>                 | Subspecialty Day - Retina <br>AMD - Update and Overview                             | Subspecialty Day - Retina <br>Treatment of Retinal and Macular Vascular Diseases   | Subspecialty Day - Retina <br>Current Concepts and Managements on Various Vitreoretinal Diseases        | Subspecialty Day - Retina <br>Updates on Instrumentation/Technique/ and Imaging                                 |
| <b>Hall 7B</b>                 | Subspecialty Day - Cataract and Refractive Surgery <br>Advances in Cataract Surgery | Subspecialty Day - Cataract and Refractive Surgery <br>Pseudophakic IOLs   | Subspecialty Day - Cataract and Refractive Surgery <br>How we should perform Refractive Surgery in 2008 | Subspecialty Day - Cataract and Refractive Surgery <br>How we shall perform Refractive Surgery in the year 2020 |
| <b>Convention Hall A&amp;B</b> | Subspecialty Day - Glaucoma <br>Glaucoma Diagnosis and Medical Treatment            | Subspecialty Day - Glaucoma <br>Lessons From Glaucoma Clinical Randomized Controlled Trials: How it has impacted my practice | Subspecialty Day - Glaucoma <br>Glaucoma Surgery  | Subspecialty Day - Glaucoma <br>Alternate Surgical Procedures and Treatments                                    |
| <b>Theatre 2</b>               |  | Immunology, Molecular Biology and Genetics<br>Treatment & Diagnosis of Immunologic Mediated Diseases of the Anterior Segment  | Neuro-ophthalmology<br>Neuro-ophthalmology for general ophthalmologists  | External Eye Disease, Cornea, and Eye Bank<br>Combined Surgery in Keratoplasty   |
| <b>Rm 406-407</b>              |  | Contact Lens and Refraction<br>Infectious Keratitis Related to Contact Lens Wear  | Complementary and Alternative Medicine<br>Acupuncture - bases and possible roles in treating eye diseases  | Low Vision<br>Vision rehabilitation in the developing  |
| <b>Rm 601</b>                  |  | WOEC 2008 (1000-1200)<br>Academia Ophthalmologica Internationalis - The "How To" Teach Ophthalmic Subspecialties by the World's Best Teachers   | WOEC 2008<br>Improvement of Eye Care - Learning from Our Patients<br>How to Improve Eye Care - Part I. The Tools   | WOEC 2008<br>Improvement of Eye Care - Case Discussion on Case-based Assessment of Care  |
| <b>Rm 603</b>                  |  | WOEC 2008 (1000-1100)<br>Allied Personnel Education - Understanding and Defining the Roles of Members of the Ophthalmic Health Team: Physicians and Allied Health Personnel                                   | WOEC 2008<br>Allied Personnel Education - How Should Allied Personnel be Trained and Assessed Most Effectively?  | WOEC 2008<br>Allied Personnel Health Education - How To Go About Establishing Training Programs for Allied Health Professionals Regional Experiences   |

 English - Mandarin simultaneous interpretation provided

## Program at a Glance

June 28, 2008 (Saturday)

|                   | 0900-1030 | 1100-1230   | 1400-1530   | 1600-1730   |
|-------------------|-----------|---|---|---|
| <b>Rm 604</b>     |           | WOEC 2008 (1000-1200)<br>Medical Student Ophthalmic Education - Teaching Medical Students Can Be Fun - Come and See How We Do It      | WOEC 2008<br>Medical Student Ophthalmic Education - Teaching Practical Ophthalmic Skills to Medical Students  |   |
| <b>Rm 606</b>     |           | WOEC 2008 (1000-1200)<br>Continuing Professional Development - An Example of What Should Not Be Done in Organizing ACME/CPD course    | WOEC 2008<br>Continuing Professional Development - Teaching Evidence-based Clinical Guidelines in China: An Example of a CPD/CME Course Development | WOEC 2008<br>Continuing Professional Development - A CPD Symposium For All - Don't Miss That Underlying Systemic Disease!                               |
| <b>Rm 607</b>     |           | WOEC 2008 (1000-1100)<br>Ophthalmic Residency Education - A New Approach in Conducting Residency Programs - Competency-Based Teaching | WOEC 2008<br>Residency Ophthalmic Education - Practical Aspects in Residency Training Programs  | WOEC 2008<br>International Council of Ophthalmology Program Directors - A Global Initiative to Educate the Educators: The ICO Program Directors Meeting |
| <b>Rm 607</b>     |           | WOEC 2008 (1100-1200)<br>Residency Ophthalmic Education - How to Evaluate Residency Programs - Competency-Based Assessment            |   |   |
| <b>Rm 608</b>     |           | WOEC 2008 (1000-1200)<br>International Ophthalmology - Training of the Ophthalmic Specialists in Developing Countries                 | WOEC 2008<br>International Ophthalmology and Ophthalmic Subspecialties - Exciting ICO Educational Programs Designed Just For You!                   | WOEC 2008<br>International Ophthalmology - Online Education: The New Frontier   |
| <b>Rm 201A</b>    |           | Pathology<br>Recent Advances in Clinically Relevant Ophthalmic Pathology  | Strabismus<br>Evaluation of the Strabismus Patient  | Complementary and Alternative Medicine<br>Diet and Supplements: Emerging role in treating eye diseases  |
| <b>Rm 201B</b>    |           | Cataract<br>Learning phaco chop and pre-chop  | Pharmacology & Ocular Drug Delivery<br>Ocular Drug Delivery to the Posterior Segment  | Scleritis<br>Recent advances in management of Scleritis   |
| <b>Rm 204-205</b> |           | Cataract<br>Cataract-1  |   | Glaucoma<br>Glaucoma-1  |

## Program at a Glance

June 28, 2008 (Saturday)

|                   | 0900-1030 | 1100-1230  | 1400-1530  | 1600-1730   |
|-------------------|-----------|--|--|---|
| <b>Rm 206-208</b> |           | Immunology, Molecular Biology and Genetics<br>Update of Eye Genetics Research in Asia                          | Vision 2020<br>Refractive Error: Scope of the Problem Internationally and Sustainable Models for Delivery of Care          | Oncology<br>EOOG - Conjunctival tumors and pseudotumors   |
| <b>Rm 209-210</b> |           | Retina, Vitreous<br>Retina, Vitreous-1   | Retina, Vitreous<br>Retina, Vitreous-2   | Vision 2020<br>Fund-Raising for Blindness Prevention  |
| <b>Rm 211-212</b> |           | Vision 2020<br>WHO Collaborating Centres: Role in Education  | World Forum of Ophthalmological Journal Editors<br>Successful and ethical approaches to the scientific manuscript          | World Forum of Non Profit Organization in Vision and Prevention of Blindness<br>Building Sustainable Programs for Prevention of Blindness in Developing Countries |
| <b>Rm 301A</b>    |           | Immunology, Molecular Biology and Genetics<br>Molecular Biology - Diagnosis and Treatment of Ocular Infections | Complementary and Alternative Medicine<br>Traditional Chinese Medicine - bases and possible roles in treating eye diseases | Strabismus<br>Oblique Muscle Surgery  |
| <b>Rm 301B</b>    |           | Eye Trauma and Emergencies<br>Mechanical globe injury, a systematic approach. I. The basics.                   | Eye Trauma and Emergencies<br>Mechanical globe injury, a systematic approach. II. Acute management                         | Eye Trauma and Emergencies<br>Mechanical globe injury, a systematic approach. III. Chronic management   |
| <b>Rm 304-305</b> |           | Retina, Vitreous<br>Retina, Vitreous-3   |  | Vision 2020<br>The Issue of Accessibility in the Delivery of Cataract Surgical Services   |
| <b>Rm 306-308</b> |           | Low Vision<br>Clinical guidelines for vision rehabilitation  | Contact Lens and Refraction<br>Contact lenses and children   |   |
| <b>Rm 309-310</b> |           |  |  | Contact Lens and Refraction<br>Keratoconus and challenging fits   |
| <b>Rm 311-312</b> |           | Vision 2020<br>Models of Primary Eye Care: What Can We Really Deliver?   | Vision 2020<br>Vision Rehabilitation in the Developing World   | Contact Lens and Refraction<br>Ocular surface with contact lens   |

## Program at a Glance

June 29, 2008 (Sunday)

|                     | 0900-1030  | 1100-1230 | 1400-1530  | 1600-1730  |
|---------------------|--|-----------|--|--|
| Hall 3              | Opening Ceremony (1100-1230)   |           |  |  |
| Hall 5              | Exhibition (0800-1845)   |           |  |  |
| Grand Hall          | Gala Dinner (1845-2200)  |           |  |  |
| Hall 7A             | Cataract <br>ESCRS - The cutting edge of cataract surgery   |           |  | Cataract <br>APACRS - Prevention and management of complications in cataract and refractive surgery |
| Hall 7B             | Retina <br>Non-Surgical Treatment Of Various Macular Diseases                                       |           | Refractive Surgery <br>ALCRS - Refractive surgery for the cataract surgeon                              | Retina <br>Great Debate On Vitreoretina Diseases In 2008  |
| Convention Hall A&B | Refractive Surgery <br>Management of Refractive Surgery Complications                               |           | Retina <br>Macula Society - Age-related Macular Degeneration<br>Therapeutic Options: Current And Future | Refractive Surgery <br>ESCRS - IOL based refractive surgery   |
| Convention Hall C   | Symposia Sponsored by Supranational Organizations<br>ARVO - Nanotechnology in Ophthalmology: The Great Leap Forward  |           | Refractive Surgery<br>KMSG - Challenging and Difficult Cases In Refractive Surgery   | Cataract<br>ALCRS - Future IOL technology<br>Glaucoma  |
| Theatre 1           | Symposia Sponsored by Supranational Organizations <br>AAO - Current Trends in Glaucoma Management |           | Glaucoma <br>How to Detect Progression in Glaucoma  | Glaucoma <br>WGA Symposium: Hot Topics in Glaucoma - Controversy and Consensus                    |
| Theatre 2           | Pediatric Ophthalmology<br>AAPOS - What's New in Pediatric Ophthalmology   |           | Symposia Sponsored by Supranational Organizations<br>APAO Symposium 1  | Neuro-ophthalmology<br>Controversies in neuro-ophthalmology  |
| Rm 402-403          | Cataract<br>Advanced IOL power calculations  |           | Strabismus<br>Difficult Strabismus Problems Workshop   | Cataract<br>Unplanned vitrectomy for the cataract surgeon  |
| Rm 406-407          | External Eye Disease, Cornea, and Eye Bank<br>Management of High Risk Corneal Grafts and Current Trends in Eye Banking   |           | Glaucoma<br>Video session 2  | Contact Lens and Refraction<br>Presbyopia  |

| <b>Hall 7B</b>           | Refractive Surgery<br>Refractive Surgery on the edge                           | Refractive Surgery<br>Understanding, preventing and treating post-Lasik Corneal Ectasia                   | External Eye Disease, Cornea, and Eye Bank<br>End-stage Ocular Surface Disease - Stem Cell Transplantation or Keratoprosthesis                 | Refractive Surgery<br>ISRS/AAO Symposium: Presbyopia Surgery Today  |
| <b>Convention Hall C</b> | External Eye Disease, Cornea, and Eye Bank<br>Keratoprosthesis                 | Glaucoma<br>Glaucoma Surgery: New Techniques and Approaches   | Retina<br>Club Jules Gonin - Changing Trends In The Management Of Retinal Detachment   | Retina<br>European VitreoRetinal Society - Surgical Complications in Vitreoretinal Surgery - Prevention and management              |
| <b>Theatre 1</b>         | Retina<br>Retinal Imaging  | Cataract<br>Managing complex situations   | Glaucoma<br>Normal-Tension Glaucoma  | Glaucoma<br>Neuroprotection   |
| <b>Theatre 2</b>         | Glaucoma<br>AOGS Symposium: Medical and Laser Treatment of Open-Angle Glaucoma | Strabismus<br>Infantile (Congenital) Esotropia  | Cataract<br>Pharmacological strategies for cataract surgery  | Immunology, Molecular Biology and Genetics<br>Up-date of Molecular Technologies and Gene Mapping Approaches for the Ophthalmologist |
| <b>Rm 402-403</b>        | Pediatric Ophthalmology<br>Update on Retinopathy of Prematurity                | Retina<br>Challenging Retinal Cases - Session 1   | Vision 2020<br>Pediatric Cataract: What is the True Magnitude of the Problem, and How to Maximize Outcomes?                                    | Retina<br>Sociedad Panamericana Del Retina Y Vitreo (SPRV) - Retinal And Choroidal Manifestations Of Selected Systemic Diseases     |
| <b>Rm 406-407</b>        | Glaucoma<br>Video session 1  | Uveitis<br>IOIS - New diagnostic criteria and their implications in the management of ocular inflammation | Retina<br>Challenging Retinal Cases - Session 2  | <b>Strabismus</b><br><b>The Benefits of Strabismus Surgery in Adults</b>  |
| <b>Rm 409</b>            |  |   | Refractive Surgery<br>Refractive Surgery   | Contact Lens and Refraction<br>Solution Cytotoxicity and Corneal Staining   |

 English - Mandarin simultaneous interpretation provided

## Program at a Glance

July 1, 2008 (Tuesday)

|                   | 0900-1030  | 1100-1230   | 1400-1530   | 1600-1730  |
|-------------------|--|---|---|--|
| <b>Rm 601</b>     | Retina<br>American Society of Retina Specialists (ASRS) - Innovative Techniques in Vitreoretinal Surgery | Cataract<br>Conquering PCO  | Pediatric Ophthalmology<br>Update on Retinoblastoma and Genetics                        | Retina<br>European Society of Ophthalmology (SOE) - Current Management Of Uveal Melanoma |
| <b>Rm 603-604</b> | Uveitis<br>Diagnostic and therapeutic challenges   | Retina<br>AMD Alliance International - Age-related Macular Degeneration: Pathogenesis, Epidemiology And Socio-Economic Impact | Vision 2020<br>Glaucoma Surgery for the Developing World                                | External Eye Disease, Cornea, and Eye Bank<br>Pterygium Management                       |
| <b>Rm 606-607</b> | Vision 2020<br>Manual Sutureless Cataract Surgery  | Immunology, Molecular Biology and Genetics<br>Immunology  | Teleophthalmology and Computers<br>Teleophthalmology                                    | Oculoplasty, Lacrimal System and Orbit<br>Course on Orbit                                |
| <b>Rm 608</b>     | Intraocular Inflammation, Uveitis<br>Intraocular Inflammation, Uveitis                                   | Orbit, Lacrimal, Plastic Surgery<br>Orbit, Lacrimal, Plastic Surgery  | Immunology, Molecular Biology and Genetics<br>Ocular Lymphoma Implications for Eye Care | Meeting with the Professors  |

## Program at a Glance

July 2, 2008 (Wednesday)

|                                    | 0900-1030   | 1100-1230  | 1400-1530  | 1600-1730 |
|------------------------------------|---|--|--|-----------|
| <b>Hall 5</b>                      | Exhibition (0800-1500)  |  |  |           |
| <b>Hall 7A</b>                     | Cataract<br>Endophthalmitis:<br>prevention & treatment   | Cataract <br>Challenging cases  | Cataract <br>Multifocal IOLs  |           |
| <b>Hall 7B</b>                     | External Eye Disease,<br>Cornea, and Eye Bank <br>Dry Eye Disease and<br>Progressive Cicatrising<br>conjunctivitis | External Eye Disease,<br>Cornea, and Eye Bank <br>The Future of<br>Femtosecond Lasers in<br>Corneal Surgery | Glaucoma <br>Glaucoma Therapy<br>- What's Under<br>Development for the<br>Future                    |           |
| <b>Convention Hall<br/>A&amp;B</b> | Refractive Surgery <br>How to treat refractive<br>surgery challenging<br>cases with new<br>technology              | Glaucoma <br>Practical Strategies in<br>the Management of<br>Open-Angle Glaucoma                            | Cataract <br>Mastering phaco<br>nightmares and worst<br>case scenarios: a video-<br>based symposium |           |
| <b>Convention Hall C</b>           | Refractive Surgery<br>The refractive cornea:<br>science progress for<br>the corneal refractive<br>surgeon   | Glaucoma<br>Glaucoma Setons  | Glaucoma<br>Diagnosis and Treatment<br>of Angle Closure<br>Glaucoma  |           |
| <b>Theatre 1</b>                   | Evidence Based <br>Ophthalmology<br>Evidenced-based<br>management of retinal<br>diseases                           | Refractive Surgery <br>Surface ablation when<br>and how   | Oculoplasty, Lacrimal<br>System and Orbit <br>Symposium on Plastic<br>Surgery                      |           |
| <b>Theatre 2</b>                   | Glaucoma<br>Imaging in Glaucoma   | New Technology:<br>Bioengineering/Nano-<br>technology<br>Advanced Structural<br>and Functional Imaging   | Strabismus<br>Transposition Surgery  |           |
| <b>Rm 402-403</b>                  | Glaucoma<br>Glaucoma and Cataract<br>Management   | Scleritis<br>Tailored investigations<br>in the diagnosis<br>and management of<br>episcleritis and scleritis  | Vision 2020<br>Trachoma and Microbial<br>Keratitis: After 60 years<br>of Antibiotic Therapy,<br>Why do Microbes Still<br>Cause Blindness?  |           |
| <b>Rm 406-407</b>                  | Uveitis<br>The Best Uveitis Cases<br>for Teaching   | Low Vision<br>Treatment of Dry<br>AMD (the only<br>available treatment is<br>rehabilitation)   | Pediatric Ophthalmology<br>Workshop: update on<br>infantile cataract   |           |
| <b>Rm 601</b>                      | Retina<br>New Techniques And<br>Instrumentation In<br>Vitreoretinal Surgery   | Retina<br>Pediatric Retinal<br>Diseases  | Refractive Surgery<br>Corneal modeling with<br>intracorneal segments<br>in debilitating corneal<br>diseases  |           |
